

Ability on Wheels to provide mobility

Times News Network

Harish Kumar, a multiple Limca records holder from the city for driving by the disabled, has started an initiative to help the fellow drivers with disability in all aspects of driving right from getting the driving lessons to procuring the proper kits for the vehicles for drive. Kumar is soon coming up with a driving school in Bopal for the disabled.

Talking to TOI, he said that as a person with disability, he has faced a number of problems and had thus decided to do something for the community. "There is lot of confusion over the driving rights of the disabled persons for which many have to argue with the RTO officials. We hope to provide some assistance to them regarding the rules and regulations that apply to the disabled drivers.

Harish Kumar

Moreover, we hope to help them in procuring loans and required training and assistance for the purpose. I believe that the mobility can greatly improve their condition and also open a new avenue for employment," said Kumar.
